CENTERLINE™ EDGE SERIES SLICERS

The efficient, economical and easy-to-clean solution for your kitchen.

Centerline™ Edge Series slicers deliver proven performance, reliability and versatility for medium-duty slicing. In so many ways, they can give you and your operators the edge you need to keep customers coming back for more. With the added protective features, you'll feel good about having them in your kitchen, too.

Removable top-mounted ceramic simultaneous sharpener

Lets you sharpen and hone in 15 seconds— and clean up just as quickly.

Chrome-plated carbon steel knife

Thin edge design stays sharp and chrome plating extends knife life.

Thumb guard protection

Keeps operator's thumb away from knife during slicing.

Anodized aluminum base

One-piece design has fewer crevices where bacteria may grow.

1/2 H.P. motor

The power you need to slice cheese and meat with no shredding.

Removable meat grip assembly

Removes easily to make cleaning a snap.

Double-sided meat grip

Ensures oversized chubs are secured for efficient, precise slicing.

Removable carriage

Carriage can be taken to the sink for cleaning; makes it easy to clean the entire slicer.

Gauge plate interlock (GPI)

Gauge plate must be closed and product tray in home position before it can be removed.

No volt release (NVR)

Ensures slicer will not automatically turn back on if power is lost.

Manual/Automatic option

Gives you the choice to slice large amounts of product without constant operator assistance.

Model shown: EDGE 13A
Features for EDGE 12 and EDGE 13 may vary.

Hobart Ownership Benefits

= Performance

= Sanitation & Cleaning

= Ease of Use

= Operator Assurance

Picking the right slicer for your needs is important. See the back page to find which slicer has the features that are the best match for your kitchen.

THE RIGHT FEATURES TO FIT YOUR KITCHEN

Exceptional, easy-to-use features in an economical package.

All of our slicers are designed to handle meats, cheeses and vegetables.
