Wire Wine Shelves & Kits

FOCUS FOODSERVICE SOLUTIONS

NSF APPROVED: These commercial rated black epoxy coated wire wine shelves do include zinc underplating, so they can be used in a cooler.

Wine Shelves | Single and Double
[Black epoxy and Chromate]

Each bottle is supported individually by formed wires in each shelf so bottles will not bump against each other. Open wire construction keeps bottles and labels highly visible for easy reading and selection. Now available in black epoxy or chromate finish. Black epoxy shelves have zinc underplating so they can be used in a cooler.
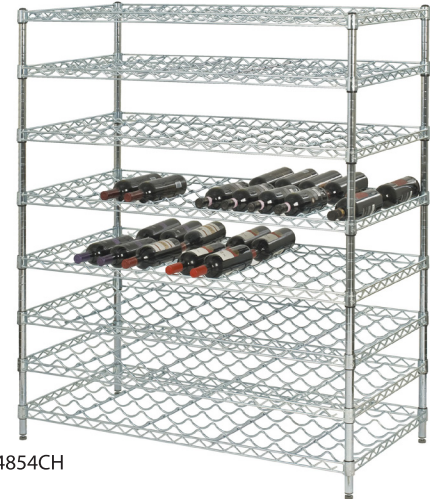

Double bottle wine shelves provide twice the capacity in 15% less space. Double wine shelves can also be used with 24" x 36" (61.0 x 91.4 cm) and 24" x 48" (61.0 x 122.0 cm) security cages shown on pages 26 & 29 for greater protection of valuable assets. Approximately 80% of standard 750 ml bottles tested fit two deep in double wine shelves.

Item #	Finish	Shelf Size (width x length) (in.)	(cm)	Bottle Capacity per Shelf	Case
SINGLE SHELVES					
FFWS1436BK	Black epoxy	14" x 36"	35.5 x 91.4	9	4
