

Item No. _____

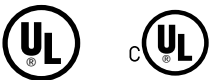

Model Number: 2179

Description

P-62 POPCORN WARMER

Many, many locations take advantage of "courtesy" popcorn. Every home improvement center should have free popcorn at the "Contractor's Service Desk". The same with electrical or plumbing supply houses. Oil change locations get the competitive edge with free popcorn. There's a long life Gold Medal Servalot Popcorn Warmer for any location that uses courtesy popcorn – especially in cocktail lounges. These higher demand locations may prefer the woodgrain styling on the P-62 #2179. Decals are not affixed at the factory – you put on the decal where it shows best. All units use strip heaters to keep the popped corn warm.
