Our Company

Sephra is the world's most trusted name in chocolate fountains and fondue chocolate. Originating in 2003, Sephra developed the first couverture fountain ready chocolate and set the standard with a full line of commercial and home chocolate fountains. Sephra's lines of gourmet chocolates are renowned for their superior quality, rich flavor and aroma. At Sephra, we take pride in delivering exquisite products with unique characteristics designed to help exemplify your trade and craft. We invite you to discover which of our three chocolate product lines (Belgian, Premium or Melts) is designed to best suit your needs and creativity. Enjoy, create and profit from your passion with Sephra chocolates.

Our Chocolate Melts

Sephra Melts represent one of the highest quality chocolate dipping and coating compounds on the market. The Dark, Milk and White Melts are delicious and cost-effective. Sephra roll refines the ingredients to 30 microns. This refining method produces an unequalled velvety smooth texture and provides an excellent flavor profile for each type of coating. The packaging is BPA free for easy melting in the microwave and does not require any oil for use in a chocolate fountain. Each bag of Melts has a perfect viscosity for candy making, is certified gluten free and does not need to be tempered. Melts produce an exquisite sheen and unmatched presentation making it the chocolate coating of choice for dipping and candy-making professionals.

Shelf Life: White Melts 12 Months

Did you know?

Chocolate is typically refined by one of two processes: ball mill or roll refining. Ball mill refining is a process that utilizes steel balls rotated by a high-speed stirring gear and yields uneven particle sizes which affects the texture and flavor profile. Although more expensive and time consuming, Sephra roll refines their chocolate coating. Roll refining ensures an even particle size and allows the ingredients to be milled to a diameter of 30 micron. This is a small enough size that the tongue can no longer distinguish texture and you are left with a velvety smooth feel and rich flavor profile exclusive to Sephra's product line.
