# Royal Series Modular Bar Die

Built-in chase-way for soda, beer, electrical & plumbing lines.  
Elimination of legs create a sealed-to-floor finish.

**Krowne Modular Bar Die (KMB)** is designed to significantly reduce installation time while improving overall aesthetics and cleanability. The most time consuming portion of an underbar installation consists of the field layout/assembly of bar sections, and the construction of the bar frame in which the sections are attached. Our modular bar units ship completely assembled in sections up to 7 ft. to drastically cut down time and labor while ensuring a sleek finish. Replacing legs with stainless steel panels that mount flush to the floor prevent debris from building up under the equipment.

Available in any shape or size

Built for indoor and exposed applications.

# Modular Bar Die

- Die wall structure: 16 gauge galvanized steel (stainless steel upgrade available)
- Bartender-side: 20 gauge 300 series stainless steel
- Shipped in sections up to 7 ft.
- Bartender-side panels removable for drain access
- We recommend customer-side panels are built to be removable by millworker
- Die wall designed to be sealed to floor to prevent seepage
- Built-in chaseways for plumbing, electric, soda, & beer lines
- KMB is exclusive to Royal Series Underbar
- Completely assembled and mounted to bar die in the factory to ensure layout accuracy
- Galvanized structure will not corrode
- Engineered to exact dimensions
- Millwork panels and bar top can be prefabricated to save time during installation

Bar Die Wall ships pre-attached in up to 7 ft. sections

# Royal Series Underbar Model Number System

All Royal Series models can be mixed on projects while allowing for a uniform finish.

Krowne is happy to announce our new line of bar equipment along with a more intuitive model number system. This change will increase our range of capabilities and simplify the process of combining different types of bar equipment while maintaining a consistent aesthetic and finish.

**KR19 = 19" Depth** (Front to Back)      **KR24 = 24" Depth** (Front to Back)      **KR29 = 29" Depth** (Front to Back)

Limited Offerings

Adding a single speed rail to a **KR19** unit will increase the depth 5" to match a **KR24** unit.

Adding a single speed rail to a **KR24** unit will increase the depth 5" to match a **KR29** unit.

This is a top view of a **KR24** series Drainboard next to a **KR19** series Ice Bin. The **KR19** Ice Bin has a 19" depth, but becomes 24" depth when a speed rail is added. This allows the Ice Bin to match the 24" depth of the Drainboard for a seamless finish to the bar.

This is a top view of a **KR29** series Liquor Display next to a **KR24** series Ice Bin. The **KR24** Ice Bin has a 24" depth, but becomes 29" depth when a speed rail is added. This allows the Ice Bin to match the 29" depth of the Liquor Display for a seamless finish to the bar.

### Important things to note

- **KR19** is our 19" depth (front to back) series
- **KR24** is our brand new, true 24" depth (front to back) series
- **KR29** is our brand new, true 29" depth (front to back) series
- All **KR19**, **KR24** & **KR29** series units come standard with 6-1/2"H x 1-3/4"D backsplashes for a uniform finish (optional 4"H backsplash available)
- **KR24** ice bins have 25% more ice capacity than our standard ice bins
- Both **KR19** and **KR24** now have increased front skirt depth of 13-1/2" on products compatible with speed rails to allow bottles to sit lower for streamlined bartender ergonomics.

Uniform 6-1/2"H x 1-3/4"D backsplash across all Royal Series units.

All Krowne products have been updated on [krowne.com](http://krowne.com), AutoQuotes and KCL to reflect the new Intuitive Model Number System.

# Liquid CO2 Glass Frosters

**Chills glasses instantly** to maintain ideal cocktail serving temperature, improved taste profile and enhanced presentation.

## Frost

Super-cooled liquid CO2 frosts a glass in seconds.

## Neutralize

Cools warm glasses instantly. CO2 is a dry gas which leaves no condensation and prevents drinks from becoming diluted.

## Sanitize

Eliminates bacteria, lingering odors and residue.

Where **passion** meets **precision**.™

## Ice Bins

- 12" or 15" deep liners
- Two bottle wells included
- Soda line access on cold plate units
- Optional built-in speed rail
- 10 circuit cold plate available (All units with cold plates have soda line cutout in rear)

### NOTE

Health Departments require the optional built-in cold plates when using a soda system. The cold plate is a large aluminum plate with stainless steel lines inside. The soda system will be connected to the stainless steel lines which are chilled from the ice inside the ice bin. The purpose of this plate is to chill the soda before it is dispensed through the soda gun. A cold plate cannot be added to an ice bin after it has been purchased.

# Ice Bins

**Note:** Health Departments require the optional built-in cold plates when using a soda system. The cold plate is a large aluminum plate with stainless steel lines inside. The soda system will be connected to the stainless steel lines which are chilled from the ice inside the ice bin. The purpose of this plate is to chill the soda before it is dispensed through the soda gun. A cold plate cannot be added to an ice bin after it has been purchased.

# The Ultimate Gas Connector

**Krowne Gas Connectors** have built a solid reputation for their durability and design. Any gas connector you purchase from Krowne comes with a lifetime guarantee. We 100% ensure our product's quality and longevity.

**PVC Protective Coating**  
With antimicrobial agent for easy cleaning.

**Radial Wrap**  
Heavy duty stainless steel radial wrap prevents hose from stretching.

**Corrugated Tubing**  
Stainless steel corrugated tubing built to be flexible for ease of installation.

**Welded Construction**  
360° heavy duty welds on both ends increases durability.

**Rotational Ends**  
360° rotational ends provide versatility and ease during installation.

## Components

**One-Handed Quick Disconnect**  
w/ 10-Point 360° Locking System  
Quickly and easily disconnect hose to move equipment for cleaning and maintenance.

**Restraining Kit**  
Comes pre-cut 12" shorter than overall length of hose to prevent hose from being pulled too far. Easily disconnects for cleaning and maintenance.

**Caster Positioning Chock**  
Creates a home position for movable kitchen equipment. Stainless steel construction eliminates cracking commonly seen with plastic caster positioning sets.

**Full Port Ball Valve**  
Required by code to allow for manual gas shutoff within 5 ft. of appliance.

**Black Malleable Street 90° Elbows**  
Allows for versatility in tight conditions during installation.

**SwivelKing™**  
Durable stainless steel construction with dual 360° rotation significantly reduces stress and extends life of hose.

## Complete Kit

- Construction: Corrugated Stainless Steel Tubing, Heavy Duty Stainless Steel Radial Wrap, PVC Protective Coating with Welded End Fittings that rotate for easy install
- Includes: Gas Connector, Quick Disconnect, Shut-off Valve, Restraining Cable Kit, (2) 90° Elbows

**1. PRICES** All previous prices are currently withdrawn.

**2. ACCEPTANCE**

If the terms and conditions herein (the "Terms and Conditions") differ in any way from the terms and conditions of Buyer's order, or if these Terms and Conditions are construed as an acceptance or confirmation acting as an acceptance, then the Seller's acceptance is EXPRESSLY CONDITIONED ON BUYER'S ACCEPTANCE OF AND AGREEMENT TO ANY TERMS AND CONDITIONS SET FORTH HEREIN, THAT ARE DIFFERENT FROM OR ADDITIONAL TO THOSE IN BUYER'S ORDER. In addition, this writing shall constitute notice of objection to any terms and conditions in Buyer's order that differ from, or are in addition to, the Terms and Conditions herein. If the Terms and Conditions herein are construed as an offer, acceptance of such offer is EXPRESSLY LIMITED TO THE TERMS AND CONDITIONS SET FORTH HEREIN. In any event, Buyer's acceptance of goods from Seller shall constitute Buyer's acceptance of and agreement to the Terms and Conditions. These Terms and Conditions shall not be supplemented or modified except as agreed to in writing and signed by Seller.

**3. EXPRESS WARRANTIES, CONDITIONS, & EXCLUSIONS**

**A. Warranty**

Subject to the conditions and exclusions set forth below, Seller warrants to Buyer (i) that Seller holds and will pass marketable title to the goods sold hereunder; (ii) that the goods sold hereunder will be free from defects in materials and workmanship (subject to tolerances and variances permitted by the trade hereunder) for the applicable warranty period set forth in Seller's standard warranty and limitation of liability (the "Standard Warranty"), provided, however, that the glasswasher shall have a one (1) year labor warranty and refrigeration parts shall have a one (1) year labor and parts warranty.

**B. Conditions and Exclusions**

The express warranty set forth above (the "Warranty") is subject to the following conditions and exclusions: (i) Buyer shall not assign its rights under the Warranty and any attempt by Buyer to assign such rights shall render the Warranty, but not any disclaimers or limitations, void, and the goods shall be sold AS IS; (ii) all goods shall be carefully installed by persons who are trained and certified professionals with respect to such installations, and be installed, used, repaired and maintained by Buyer in accordance with all applicable local laws, codes and regulations; (iii) goods covered by the Warranty shall be warranted in connection with original installation only; (iv) Seller shall not be liable by Buyer's failure to provide a continuously suitable environment, including, without limitation, neglect or misuse, failure or sudden surge of electrical power, improper air conditioning or humidity control or any other cause other than ordinary use; (v) Seller shall not be liable for any damage arising from the use of any goods in any application other than the commercial and industrial applications for which they are intended; (vi) Seller shall not be liable for damage caused by fire, flood, earthquake, water, severe wind, lightning or other natural disaster, strike, inability to obtain materials or utilities, war, terrorism, civil disturbance or any other cause beyond Seller's reasonable control; and (vii) Seller shall not be liable for any statements made about the goods by salesmen, dealers, distributors or agents, unless such statements are in a written document signed by an officer of Seller.

**4. DISCLAIMER OF IMPLIED WARRANTIES**

Seller makes no other warranties or conditions, express or implied, included, without limitation, the implied warranties or conditions of merchantability and fitness for a particular purpose. Specifically, except as provided herein and in the standard, seller undertakes no responsibility for the quality or the goods or that the goods will be fit for any particular purpose for which purchaser may be buying the goods. Any implied warranty is limited in duration to the warranty period. No oral or written information, or advice given by the company, its agents or employees, shall create a warranty or in any way increase the scope of this limited warranty.

**5. LIMITATIONS OF LIABILITY**

Buyer acknowledges that the following limitations of Seller's liability are fair and reasonable and shall apply to any act or omission hereunder, as well as to any breach of contract to which these Terms and conditions form a part.

**A. Disclaimer of Damages**

In no event shall seller (including its subsidiaries, affiliates, officers, directors, employees, or agents) be liable for any special, consequential, incidental or exemplary damages arising out of or in any way connected with the goods or otherwise, including, without limitation, to damages for lost profits, cost of substitute or replacement goods, down time, lost data, injury to property or any damages or sums paid by buyer to third parties, even if seller has been advised of the possibility of such damages. The foregoing limitation or liability shall apply whether any claim is based upon principles of contract, tort or statutory duty, principles of indemnity or contribution, or otherwise.

In no event shall seller be liable to buyer or any other party for loss, damage, or injury of any kind of nature arising out of or in connection with this warranty in excess of the purchase price of the goods actually delivered to and paid for by the buyer. The buyer's remedy in any dispute under this warranty shall be ultimately limited to the purchase price of the goods to the extent the purchase price has been paid.

**B. Notice and Time of Claims**

Buyer agrees (i) to check and inspect all products against shipping papers and for damage or shortage upon receipt of goods at destination; (ii) that any claim

for loss, damage in transit, or other cause visible upon inspection shall be made within five (5) days of receipt; (iii) that the parties expressly waive the statute of limitations and that any legal proceeding for any cause of action arising from or relating to this contract shall be waived unless commenced within two (2) years after the accrual of such cause of action.

**6. ATTORNEY'S FEES**

Buyer agrees to reimburse Seller for any costs and expenses, including reasonable attorney's fees, incurred by Seller as a result of any breach or default by Buyer of its obligations hereunder.

**7. TERMS**

Net 30 Days for those firms furnishing satisfactory credit reference. Interest on accounts overdue more than thirty (30) days will be charged at a rate of 2% per month or the highest rate permitted by law, whichever is lower (the "Overdue Rate").

**8. QUOTATIONS**

Unless otherwise stated, quotations are for 90 day acceptance.

**9. MINIMUM ORDER** \$25.00 Net.

**10. SHIPPING TERMS**

The method of shipment and carrier shall be determined by Seller unless Buyer shall have specified a method of shipment and carrier (more) than ten (10) days prior to scheduled shipment. Title and all risks of loss or damage shall pass to Buyer upon delivery to carrier. We are not responsible for any delays in delivery which are beyond our control such as fires, strikes, delays in transportation or any similar contingencies. We reserve the right to ship via carriers that in our opinion are the most efficient. Where possible, customer's routing will be followed. All orders shipped prepaid will have a nominal administration charge per freight bill.

**11. RETURNS**

Custom and modified equipment, Rotary and Front Door Style Glass Washers, and Underbar Workstations without cold plates are not returnable. Return authorization for all other items must be requested within 90 days. All underbar and refrigeration equipment may only be returned with original white protective film in place. No returns are to be made to Seller without first obtaining a return authorization. No returns will be accepted or credited without such prior authorization and returns may be subject to a restocking charge of 25% of the purchase price plus transportation charges.

**12. SHORTAGE**

Krowne must be notified in writing within 5 days of receipt of shipment.

**13. TAXES**

Buyer will pay when due any and all taxes, tariffs, fees and assessments or any other similar charges imposed upon this contract, the goods covered hereby or the delivery, installation, use or resale thereof. If Buyer fails to pay any such amount when due, Seller may elect to pay it and Buyer shall promptly reimburse Seller for such payment, together with interest at the Overdue Rate.

**14. GOVERNING LAW**

This agreement, and all matters arising hereunder, shall be interpreted and resolved in accordance with the laws of the State of New Jersey, without giving effect to conflict of law of principles and excluding the United Nations Convention on the International Sale of Goods. Buyer and Seller submit to the personal jurisdiction of the state and federal courts of the State of New Jersey and agree that such courts will have jurisdiction over them in connection with any matter relating to or arising under this agreement. Service of process may be made by registered or certified mail, return receipt requested, to the last known address of the party being served. Process may also be served by any other legal means and Seller may bring an action with respect to any such matter in another jurisdiction.

**15. PRINTS AND DRAWINGS**

All prints and drawings submitted with orders will be accepted as correct sizes and any errors arising from the same will be the responsibility of the Buyer. There are no returns or cancellations for equipment built to your specifications.

**16. PRODUCT IMPROVEMENT**

Due to our commitment to continued product improvement, specifications are subject to change without notice.

**17. MISCELLANEOUS**

If any of the foregoing Terms and Conditions is declared illegal or unenforceable by a court of competent jurisdiction, it will be ineffective only to the extent of such illegality or unenforceability, without affecting the validity and enforceability, without affecting the validity and enforceability of the other Terms and Conditions. The headings used herein are inserted for convenience of reference of these Terms and Conditions. All prices are in U.S. Dollars.

California's Proposition 65 requires that consumers in the state of California receive the following notice:

 Warning: This product contains chemicals including lead and lead compounds known to the State of California to cause cancer, birth defects or other reproductive harm. For more information go to [www.p65warnings.ca.gov](http://www.p65warnings.ca.gov).

This Standard Warranty and Limitation of Liability (the "Warranty") sets forth the warranty provided by Krowne Metal Corporation (hereinafter "Krowne") with respect to the product purchased by Purchaser (the "Equipment"). By accepting delivery of the Equipment, Purchaser agrees to be bound by and accept these terms and conditions. All defined terms within the Warranty shall have the same meaning and definition as provided elsewhere in the Warranty. Equipment covered by the Warranty shall only be warranted in connection with its original installation only. KROWNE WILL ONLY BE OBLIGATED TO HONOR THE WARRANTY SET FORTH IN THESE TERMS AND CONDITIONS UPON RECEIPT OF FULL PAYMENT FOR THE EQUIPMENT.

**1. WARRANTY COVERAGE**

- A.** Subject to the conditions and exclusions set forth below, including, with respect to Diamond Series Plumbing, Purchaser's completion and delivery to Krowne of a warranty registration card or online Warranty registration, Krowne warrants to Purchaser that (i) Krowne holds and will pass marketable title to the goods sold hereunder, and (ii) the goods sold hereunder will be free from defects in materials and workmanship (subject to tolerances and variances permitted by the trade hereunder) for the applicable Warranty Period, as listed above (the "Warranty Period").
- B.** Krowne's obligation under this Warranty is limited to, at Krowne's option, replacing or repairing, any Equipment or part thereof that is found by Krowne not to conform to the Equipment's specifications. Krowne shall have a reasonable period of time to make such replacements or repairs and all labor associated therewith shall be performed during Krowne's regular working hours.
- C.** Krowne shall pay transportation charges for the return of any defective portion of the Equipment. If returned Equipment is repaired or replaced under the terms of this Warranty, Krowne will prepay transportation charges back to Purchaser; otherwise, Purchaser shall pay transportation charges to return the Equipment back to the Purchaser. All returns must be pre-approved by Krowne before shipment. Krowne shall not be obligated to pay freight for any unapproved return.
- D.** Any replacement parts or Equipment will be new, comparable in function and performance to the original part of Equipment, and warranted for the remainder of the Warranty Period. Purchasing additional parts or Equipment from Krowne does not extend this Warranty Period.
- E.** With regard to the Equipment, a defect shall refer to a variance from the design specifications that prohibit the Equipment from operating for its intended use. The Warranty provided by Krowne does not impose any duty or liability upon Krowne for degradation that occurs in the normal course over time, or due to improper installation of the Equipment by Purchaser or their representative.

THIS LIMITED WARRANTY IS THE ONLY WARRANTY APPLICABLE TO THE EQUIPMENT AND REPLACES ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OR CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. SPECIFICALLY, EXCEPT AS PROVIDED HEREIN, KROWNE UNDERTAKES NO RESPONSIBILITY FOR THE QUALITY OF THE EQUIPMENT OR THAT THE EQUIPMENT WILL BE FIT FOR ANY PARTICULAR PURPOSE FOR WHICH PURCHASER MAY BE BUYING THE EQUIPMENT. ANY IMPLIED WARRANTY IS LIMITED IN DURATION TO THE WARRANTY PERIOD. NO ORAL OR WRITTEN INFORMATION, OR ADVICE GIVEN BY THE COMPANY, ITS AGENTS OR EMPLOYEES, SHALL CREATE A WARRANTY OR IN ANY WAY INCREASE THE SCOPE OF THIS LIMITED WARRANTY.

**2. EXCLUSION FROM WARRANTY COVERAGE**

- The Warranty provided by Krowne does not impose any duty or liability upon Krowne for:
- A.** Any damage occurring, at any time, during shipping of Equipment unless otherwise provided for in the Agreement. When returning Equipment to Krowne for repair or replacement, Purchaser assumes all risk of loss or damage, and agrees to use any shipping containers that might be provided by Krowne and to ship the Equipment in the manner prescribed by Krowne;
  - B.** Damage caused by the failure to provide a continuously suitable environment, but not limited to: (i) neglect or misuse, (ii) a failure or sudden surge of electrical power, (iii) improper air conditioning or humidity control, or (iv) any other cause other than ordinary use;
  - C.** Damage caused by the unauthorized installation, adjustment, repair or service of the Equipment by anyone other than Krowne or Krowne's expressly authorized designee;
  - D.** Damage caused by fire, flood, earthquake, water, severe wind, lightning or other natural disaster, strike, inability to obtain materials or utilities, war, terrorism, civil disturbance or any other cause beyond Krowne's reasonable control;
  - E.** Failure to adjust, repair or replace any item of Equipment if it would be impractical for Krowne personnel to do so because of connection of the Equipment by mechanical or electrical means to another device not supplied by Krowne, or the existence of general environmental conditions at the site that pose a danger to Krowne personnel;
  - F.** Any statements made about the product by salesmen, dealers, distributors or agents, unless such statements are in a written document signed by an officer of Krowne. Such statements as are not included in a signed writing do not constitute warranties, shall not be relied upon by Purchaser and are not part of the contract of sale;
  - G.** Any damage arising from the use of Krowne products in any application other than the commercial and industrial applications for which they are intended, unless, upon request, such use is specifically approved in writing by Krowne; or
  - H.** Any performance of preventive maintenance

**3. PURCHASER'S INSPECTION UPON RECEIPT OF EQUIPMENT**

All Equipment shall be carefully inspected by Purchaser upon receipt, be installed by persons who are trained and certified professionals with respect to such installations, and be installed, used, repaired and maintained by Purchaser in accordance with all applicable local laws, codes and regulations.

**4. LIFETIME WARRANTY PRODUCTS**

The Lifetime Warranty for the Krowne Metal Corporation Gas Hose ("Gas Hose") is valid solely for the lifetime and duration of the Equipment to which the Gas Hose is connected for operation (the "Lifetime Warranty"). For the avoidance of doubt, the Lifetime Warranty shall be deemed expired on the same Warranty Period expiration date applicable to the Equipment to which the Gas Hose is connected.

**5. LIMITATION OF LIABILITY**

In no event shall Krowne (including its subsidiaries, affiliates, officers, directors, employees, or agents) be liable for any special, consequential, incidental or exemplary damages arising out of or in any way connected with the Equipment or otherwise, including, without limitation, to damages for lost profits, cost of substitute or replacement Equipment, down time, lost data, injury to property or any damages or sums paid by Purchaser to third parties, even if Krowne has been advised of the possibility of such damages. The foregoing limitation of liability shall apply whether any claim is based upon principles of contract, tort or statutory duty, principles of indemnity or contribution, or otherwise.

In no event shall Krowne be liable to Purchaser or any other party for loss, damage, or injury of any kind or nature arising out of or in connection with this Warranty in excess of the purchase price of the Equipment actually delivered to and paid for by the Purchaser. The Purchaser's remedy in any dispute under this Warranty shall be ultimately limited to the Purchase Price of the Equipment to the extent the Purchase Price has been paid.

**6. ASSIGNMENT OF RIGHTS**

The Warranty contained herein extends only to the original Purchaser of the Equipment and no attempt to extend the Warranty to any subsequent user or transferee of the Equipment shall be valid or enforceable without the express written consent of Krowne. Any attempt by Purchaser to assign this Warranty shall render the Warranty, but not any disclaimers or limitations, void, and the goods shall be sold AS IS.

**7. COMPONENT PASS THROUGH WARRANTY**

Except as provided herein, although Krowne does not warrant components, it will pass through any warranties received by third-party component suppliers, to the extent permitted by the terms and conditions of such warranties.

**8. NOTICE AND TIME OF CLAIMS**

Purchaser shall make any claim for loss or damage to Equipment sustained during shipment within five (5) days of receipt of such Equipment.

**9. DISPUTE RESOLUTION**

Any dispute between the parties will be resolved exclusively and finally by arbitration and conducted under the assigned arbitrator rules, except as otherwise provided below. The arbitration will be conducted before a single arbitrator. The arbitration shall be held in Essex County, New Jersey. Any decision rendered in such arbitration proceedings will be final and binding on each of the parties, and judgment may be entered thereon in any court of competent jurisdiction. This arbitration agreement is made pursuant to a transaction involving interstate commerce, and shall be governed by the Federal Arbitration Act.

**10. GOVERNING LAW**

Both parties consent to the application of the laws of the State of New Jersey to govern, interpret, and enforce all of Purchaser and Krowne's rights, duties, and obligations arising from, or relating in any manner to, the subject matter of this Warranty, without regard to conflict of law principles. In no event shall the rights and obligations of the parties under this warranty shall not be governed by the provisions of the United Nations Convention on Contracts for the International Sales of Goods of 1980.
