

Radial Drop-Ins:
Stay ahead of the curve

Delfield Radial Drop-Ins

Stay ahead of the curve!

Today's serving systems are anything but square. Upscale finishes and décor are just the beginning as more and more customers get creative with serving line shapes. Delfield's Radial Drop-ins offer proven design and construction without restricting the imagination.

- Ice cooled, mechanically cooled and individually heated well versions are available.
- Sizes available to accommodate two to five 12"x20" hotel pans or fractional equivalents.
- Add FlexiShield® food shields mounted directly to the radial drop-ins.
- Designed to be installed into Delfield Concepts™ Serving Systems or sold separately for field installation.

Available Models
