FLAT® Equalizers are highly durable and exceed international standards (BS EN 581-1:2006 & BS EN 581-3:2017) for safety, stability, durability, and strength.

Designs may vary from those shown. Specifications subject to change.

Vicki Nussbaum | Tom+Chee, Owner/Operator

“The wobbly tables were a nuisance for the customers and the staff. People would stick everything under the sun under the tables to balance them out. If I could describe FLAT® Equalizers in one word, I would say they’re ‘Priceless’.”
