HAND CRAFTED COLLECTIONS

A handcrafted collection, each piece is individual. Made in England and designed with industrial toughness. Every piece is individually glazed by hand leaving an original 'makers mark' on the reverse, highlighting the hand crafted nature. Rolled edges allow for maximum durability in service.

DURABILITY

All Dudson ceramics have a fully vitrified body which creates a 'closed' structure. The result of this is a very strong and durable product.

FULLY GLAZED FOOT

Pin firing. Fully glazed foot prevents scratching and is easier to clean meaning Dudson products are more hygienic than those without a glazed foot.

STACKABLE

Less abrasion = lower replacement rates.
Engineered to stack = space saving in kitchens.

DISHWASHER AND MICROWAVE SAFE

We use the toughest glazes in the business, so products withstand the harsh conditions of a professional kitchen.
