Liquid CO2 Glass Frosters

Chills glasses instantly to maintain ideal cocktail serving temperature, improved taste profile and enhanced presentation.

Frost
Super-cooled liquid CO2 frosts a glass in seconds.

Neutralize
Cools warm glasses instantly. CO2 is a dry gas which leaves no condensation and prevents drinks from becoming diluted.

Sanitize
Eliminates bacteria, lingering odors and residue.

KROWNE   Where **passion** meets **precision.**™

Glass Froster Tabletop Unit

- Built-in LED light that activates when froster is used
- Froster unit includes rechargeable 12V battery and 100/240 V AC plug
