About **CAMBRO**

Since 1951, Cambro has provided reliable supplies and equipment to foodservice operators worldwide. Because schools face a unique set of operational challenges and serve our most precious resources, Cambro has dedicated a team to focus on school foodservice needs. Our education specialists work with foodservice directors, health departments, consultants, federal agencies such as the USDA and the CDC, and key industry groups such as the School Nutrition Association, to gain valuable insight on how to run a safe and efficient school foodservice operation. We pride ourselves on being an innovative company that provides cost-effective long-term solutions for our customers. We look forward to working with you to find solutions to meet your needs.

Revenue, Grants and Resources

A La Carte Revenue

With different options, Cambro can assist in the staging and presentation of A-La-Carte stations to keep students on campus and increase revenue.

Expand Revenue Opportunities

Catering: Offer catering for on-site meetings, school-based functions, and outside community events to maximize revenue.

Contracts: Utilize your kitchen to provide meal service to Charter schools and Daycare Centers.

Concessions: Find out about opportunities to take on concession stand contracts at sporting events, parks or recreation programs.

Grants and Resources

Public and private sector funds are available to school districts to purchase food service equipment:

- No Kid Hungry Amazon Grants: www.nokidhungry.org/amazon-grants
- Dairy Max: www.dairymax.org
- Salad Bars to Schools: www.saladbars2schools.org
- USDA Fresh Fruit and Vegetable Program: www.fns.usda.gov/ffvp
- USDA Grant Opportunities: www.fns.usda.gov/fm/grant-opportunities

Cambro® Vending Cart

- Versatile and durable vending solution designed for indoor and outdoor applications.
- Standard 12" safety barrier and optional merchandisers provide safe separation between the student and the operator.
- Optional right and left end tables encourage minimal contact and keep lines moving.
- Customize wrap to increase school spirit and student engagement.

Open well designed to fit GN pans up to 6" in depth. Configure to your needs and menu options

"What we really liked about the Cambro Vending Cart was that it had the capacity to have two lines, one on each side. That was the biggest selling point because the way the school day is structured, we don't have a lot of time for lunch."

Elizabeth Alfaro

Director of Nutrition Services at Collier County Public Schools, Florida

Point of Sale (POS) Station Ready

Pro Cart Ultra®

- Transport hot and cold meals safely in an enclosed cabinet.
- Active hot, active cold and passive modules are easily interchangeable for maximum menu flexibility and transportation efficiency.
- Universal rails designed to transport any combination of sheet pans, food pans, trays and pizza boxes.

Scan the QR code for video.

Holding and Transport

CHOOSE A COMPARTMENT

ELECTRIC HOT ⚡

Keep food safely between 150° to 165°F with convenient, pre-set, gentle, non-radiant heat.

OR

ELECTRIC COLD

Set cold temperatures on the digital controller from 32.5° - 40°F without a compressor and maintain food safety on the go.

OR

NON-ELECTRIC (PASSIVE)

Hold your hot and cold menu items safely in the same cart, at the same time, while unplugged.

TEMPERATURE RETENTION

Up to 4 hours
Unplugged

ENERGY-SAVING HEATER

Over 50% more energy efficient compared to leading metal carts!

Change Modules in Minutes

Replace modules in minutes to convert the cart from hot to cold or vice versa to support menu or operational changes.

Camshelving® Flex Station

- Streamline delivery and serving process with one cart, minimize handling and the risk of contamination.
- Easily customize the Flex Station to expand menu options.
- Provide meals from any location.

COMPONENT

Scan the QR code for video.

"The employees love the Flex Station because they're much lighter than the big ones we have and it just requires one person," said Sheffield. "You can pack a lot of items on it."

Dani Sheffield

Executive Director of Child Nutrition Services at Aldine ISD

Light-Duty Insulated Carriers

Cam GoBox®

- Hold food and beverages at safe temperatures.
- Wash by hand or run through the dishwasher.
- Lightweight to carry, stack on dollies or place on mobile carts.

Cam GoBox Milk Box
EPPMBWSTSW
for 13" x 13" Milk Crate

Cam GoBox EPP180SW
with Beverage Holder EPPBEVH5

CamDolly CDC300

"We like the durability of [the Cam GoBoxes] a whole lot better than those soft sided boxes for breakfast in the classroom and meal distribution. We use them for both purposes and it's just great."

Kelley Wassermann

Director of Child Nutrition, Wellness and Communications,
Sylacauga City Schools in Alabama

Light-Duty Insulated Carriers

Cambro GoBags®

Ideal for curbside pickup or drive-through meal pick up

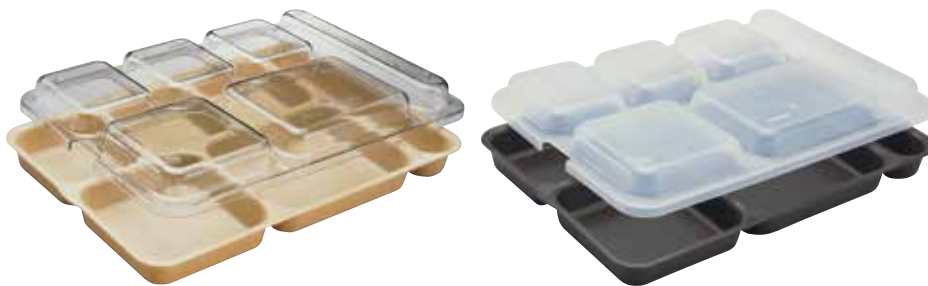

- Delivery bags with vinyl interior for easy cleaning.
- Heavy duty, sewn-in straps and handles.
- Pizza bags with nylon interior provides breathability.
- Affordable option for delivering hot and cold foods.

Separator® Compartment Trays with Covers

- Provide meals on trays safely with easy snap-on covers.
- Keep hot and cold food on the same tray and reduce serving time.
- Dishwasher safe for complete sanitation.

"With the Separator Compartment Trays, we are saving about \$1,400 a month and we cut labor by 28 percent."

Julia Scarborough

Director of Food Services at Blaine County School District, Hailey, ID

Scan the QR code for video.

Camshelving® Ultimate Sheet Pan Rack

- Repurpose the Camshelving Ultimate Sheet Pan Rack for efficient meal service in the classrooms.
- Protect meals from contamination with a vinyl cover.

"We get about 100 servings on a rack. They're easy to use; we push them down each hallway and we are actually getting it done within 15 minutes."

Julie Rogers

Kitchen Supervisor at Warren City Schools, Warren, OH

Camshelving® Vertical Drying Rack

- Dry and store trays and a wide range of kitchen essentials upright to prevent wet nesting and bacteria growth.
- Rust and corrosion-resistant drying cradles are removable and dishwasher safe.

Camtainers® with Easy Serve Dispenser

- Efficient and durable hydration station in classrooms and hallways.
- Easy Serve Dispenser minimizes contact and handling during use.

Food Bars

Versa Food Bar with Versa Cart

Versa Food Bar®

Custom build a Grab n' Go solution to offer cold menu items – from salad and sandwiches to beverages and snacks.

- Non-electric, mobile food bar fits a variety of food pans for the ultimate serving flexibility.
- Attach optional sneeze guards to provide a sanitary meal service.
- Conveniently set-up or knock-down the sneeze guards and tray rails for transport or storage.

All components are fully compliant with NSF requirements.

6 ft.

6 ft. models hold 5 full size pans with divider bars.

5 ft.

5 ft. models hold 4 full size pans with divider bars.

Premium® Series

SHELVING for LIFE®

Camshelving® Premium, Elements & Basics Plus Series

Camshelving Premium Series

3D Shelving Layout

Camshelving® Ultimate Sheet Pan Rack

- Easy to clean, rust and corrosion-resistant solution for defrosting, cooling or holding a wide variety of menu items.
- Heat-tolerant covers protect food in the racks from contamination.
- Modular component-based construction eases the cost of maintenance, with all parts replaceable.

Scan the QR code for video.

Camshelving® GN Food Pan Trolley

- Easy to clean, rust and corrosion-resistant solution.
- Holds a variety of GN food pans for prepping, defrosting, or cooling bulk food.
- Modular component-based construction eases the cost of maintenance, with all parts replaceable.

Promote Frequent Handwashing

CamKiosk® Hand Sink Cart

- Provide staff and students access to sanitary, contactless handwashing at remote campus locations.
- Faucet is compliant with lead-free regulations.
- Run hot and cold water for up to 70 hand washings.

Shown with foot pump.

3 in 1 Handwash Station with Easy Serve Dispenser

- Setup in the hallways or outdoor events.
- Limits surface contact.

Handwash Starter Station

- The economical option to provide staff access to handwashing during outdoor serving time.

Dunnage Rack

- Store inventory 12" safely off the floor to protect against contamination.
- Easily clean the rack and the floor underneath in the freezer, cooler or dry storage.

Ingredient Bin

- Hygienic storage for bulk, dry ingredients.
- Identify content at a glance and reduce handling with clear sliding lid.

Utility Carts with Antimicrobial Handles

- Ergonomic handles with Camguard® Antimicrobial protection prevent bacteria growth.
- Rust and corrosion-resistant for easy cleaning.
- Multi-purpose economical choice for transporting heavy or bulky items in the kitchen.

Translucent Food Pans

- Economical choice to store, transport, and serve all-in-one GN food pans.
- Non-stick interior reduces waste while promoting easy cleaning – safe for commercial dishwashers.
- Withstands temperatures -40° to 160°F and resistant to harsh chemicals.
- BPA - free.

H-Pan™ High Heat Food Pans

- Reduce handling using one pan for prepping, cooking to serving.
- Microwavable with heat tolerance of 40° to 375°F.
- Safe for use in ovens, steam tables, and hot holding cabinets.

Camwear® Food Boxes and SlidingLid™

- A safe solution for storing and serving bulk fruits and vegetables.
- SlidingLid provides easy, hygienic access to contents.
- The easy snap-fit cover protects contents.

StoreSafe Food Rotation Labels

- Hygienic, dissolves completely with water without leaving residue behind.
- Promote FIFO and reduce waste.

Personalization

Enhance efficiency or promote your school with personalization.

- Improve Allergen Management.
- Content Identification.
- Branding.
