Slim Jim® Containers with Venting Channels

Slim Jim® Containers with Venting Channels deliver the most space-efficient solution for collection, transportation, and disposal of multi-stream waste and recyclables.

- Venting channels make removing liners up to 80% easier, improving productivity and reducing the risk of worker injury*
- Four bag cinches secure liners around the rim of the container and allow for quick, knot-free liner changes
- Handles at the base and rim of the container improve grip and control while lifting and emptying full containers
- Rim with rib-strengthened design increases strength and resists crushing
- Build a recycling station with a variety of dolly and lid options to meet any facility need
- Use Waste Stream Label Kit Version E (1977789) to ensure waste sortation accuracy. See more on page 42.
