

Pottery Market Glazed

Designed
To Serve

Expanded from 6 pieces to 21,
With a new color: Dove Gray!

Pottery Market Glazed

With true artisanal pottery style and just a touch of glaze for a smooth surface, Pottery Market Glazed naturally frames food as scratch-made. This is the ideal collection for the artisanal food movement.

As one of our most popular collections, we've expanded the line into a comprehensive offering across your tabletop and employee-served buffet offerings. In line with color trends, we've added a third color your guests are guaranteed to love: dove gray with a white rim.

Reasons to Love:

- Unique artisanal handmade pottery style
- Comprehensive collection for nearly any type of service
- Three food friendly colors, including NEW dove gray with a white rim
- Heavyweight construction blends the benefits of the heft of porcelain with the cost-saving durability of melamine
- Fully stocked and ready for immediate shipping and sampling

Complete Portfolio of Standard Sized Dinnerware

Due to Pottery Market Glazed's popularity, we've expanded the original collection to now include all standard sized dinnerware. From bread plates to appetizer plates, salad bowls, side dishes and entrée plates and bowls, we have your entire menu covered.

Family Style Dining and Employee-Served Buffet and Banqueting

All-new serving platters and large display bowls are ideal for family style dining and employee-served buffet and banqueting in all three guest-pleasing colors. Your guests will love the authentic style. You'll love the extensive savings from using durable melamine instead of costly and often fragile porcelain for large serving pieces.

Small Vessels

Everybody loves dipping their food into the perfect complementary sauce! That's why we've built out the Pottery Market Glazed small vessels portfolio.

Now you have undeniably fashionable ramekins and monkey dishes to match your favorite dinnerware collection and delight your guests.

Who Should Serve on Pottery Market Glazed?

Nearly any food service operation can benefit from the authentic handcrafted pottery style and the cost savings from using long-lasting melamine:

- Casual and fast casual restaurants
- Hotel dining
- Patio, outdoor and rooftop dining
- Catering, banquet and buffet service
- Employee dining
- College and university dining
- Business and industry dining

Who Should NOT Serve on Pottery Market Glazed?

Melamine is an excellent material for most operations but porcelain performs better in a few areas. If your operation commonly uses the following techniques for cooking and serving, porcelain, or a mix of porcelain and melamine are better choices:

- Plated entrées requiring a steak knife
- Plated entrées requiring oven or salamander finishing
- As always, melamine should not be microwaved
