Front Door

Quality Construction with Over 35 Years of Proven Performance

High-quality materials and sturdy construction are essential to protecting food quality and temperature from kitchen to customer. Cambro GoBags feature the same design as the original insulated pizza bag invented in 1983 by Ingrid Kosar, founder of Thermal Bags by Ingrid.

Enhanced Food Safety

From the time the food is prepped to the moment it reaches the customer's doorstep, every second counts.

Speed is important, but keeping the food fresh and out of the danger zone is imperative to every successful delivery, take-out and curbside pick-up operation.

Cambro GoBags' high-density insulation keeps temperature in the safe zone during both holding and transport to the customer, whether it's picked up curbside or delivered to their door.

Protection for Virtually Every Food Item, Hot or Cold

- ✓ Premium and Standard Bags for Pizza
- ✓ Catering Bags for Family-style and Individual Meals, Schools and Drop-off's
