

Solutions that advance your business.

When you're faced with challenges, trust Alto-Shaam to deliver solutions and support when and where you need it. Our equipment systems are designed to add value to your business, helping create superior food experiences that drive long-term profitability. We pioneer equipment that is intuitive and dependable—giving you the confidence and support you need to embrace changes in rapidly evolving markets.

With headquarters and manufacturing in Menomonee Falls, Wisconsin, Alto-Shaam proudly provides foodservice equipment solutions made in the USA to more than 90 countries globally.

"Since implementing the heated shelf merchandiser, we're seeing an 8 to 10% increase in our rotisserie chicken sales volume. We've also expanded its use to include meat loaf, ribs, and mashed and red potatoes. It has a bright, wonderful visual presentation and graphics that have made it a real asset in our store."

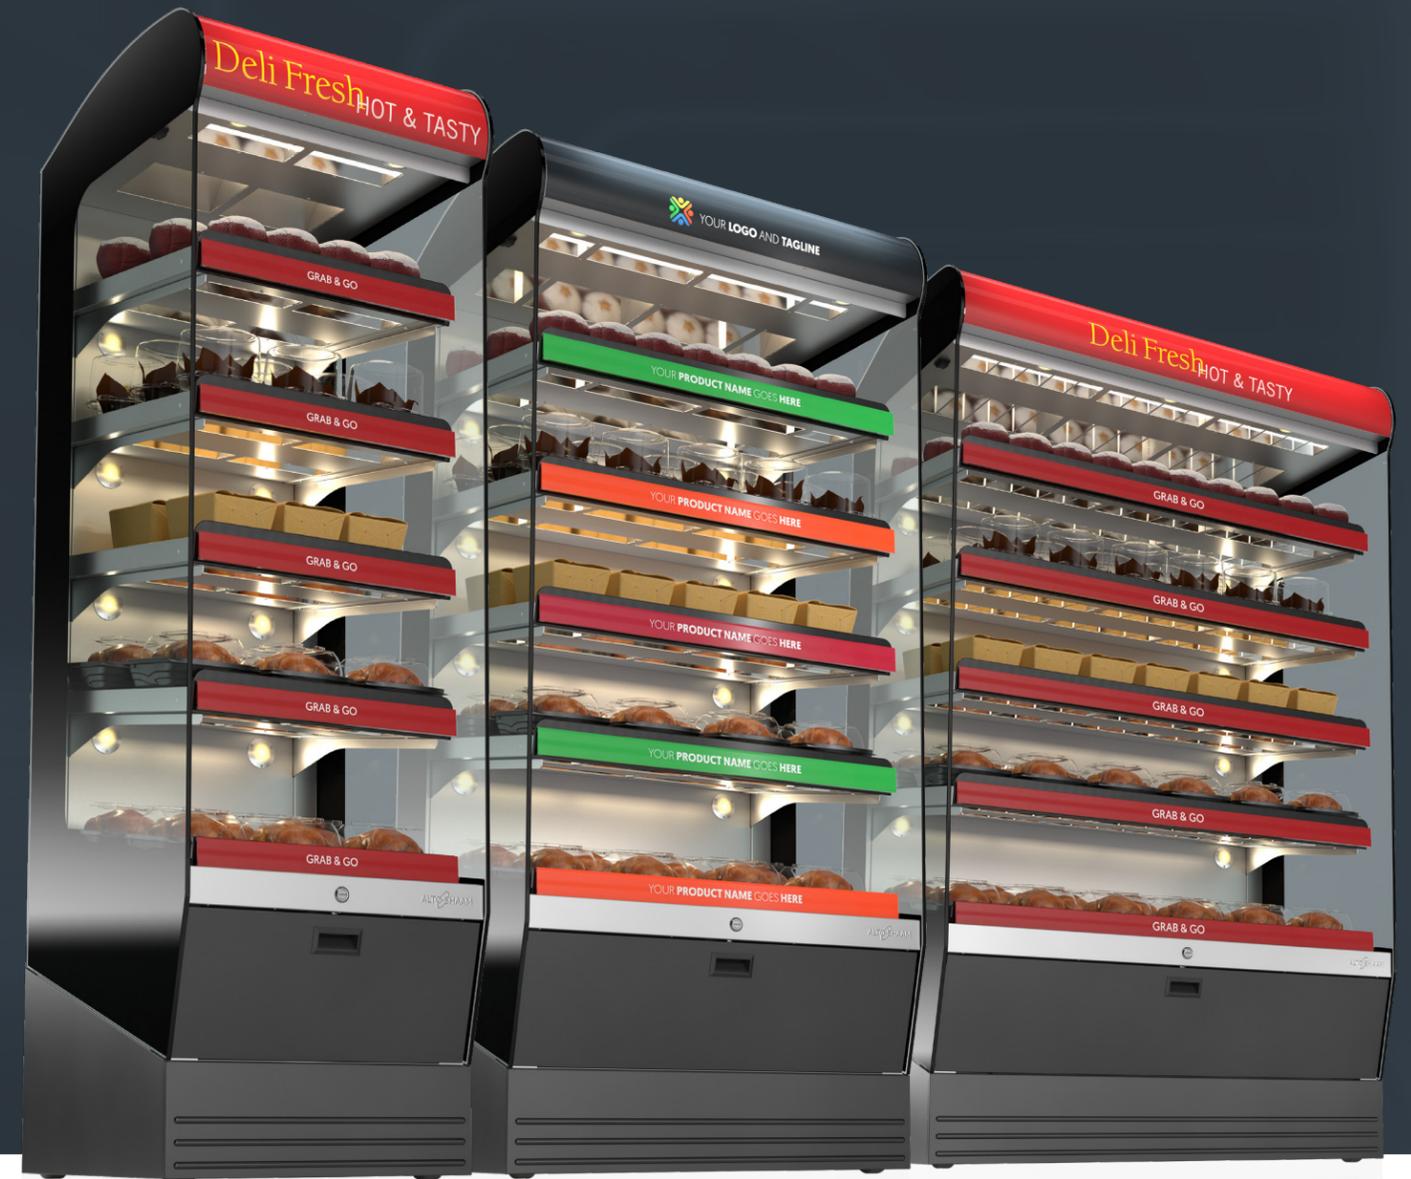

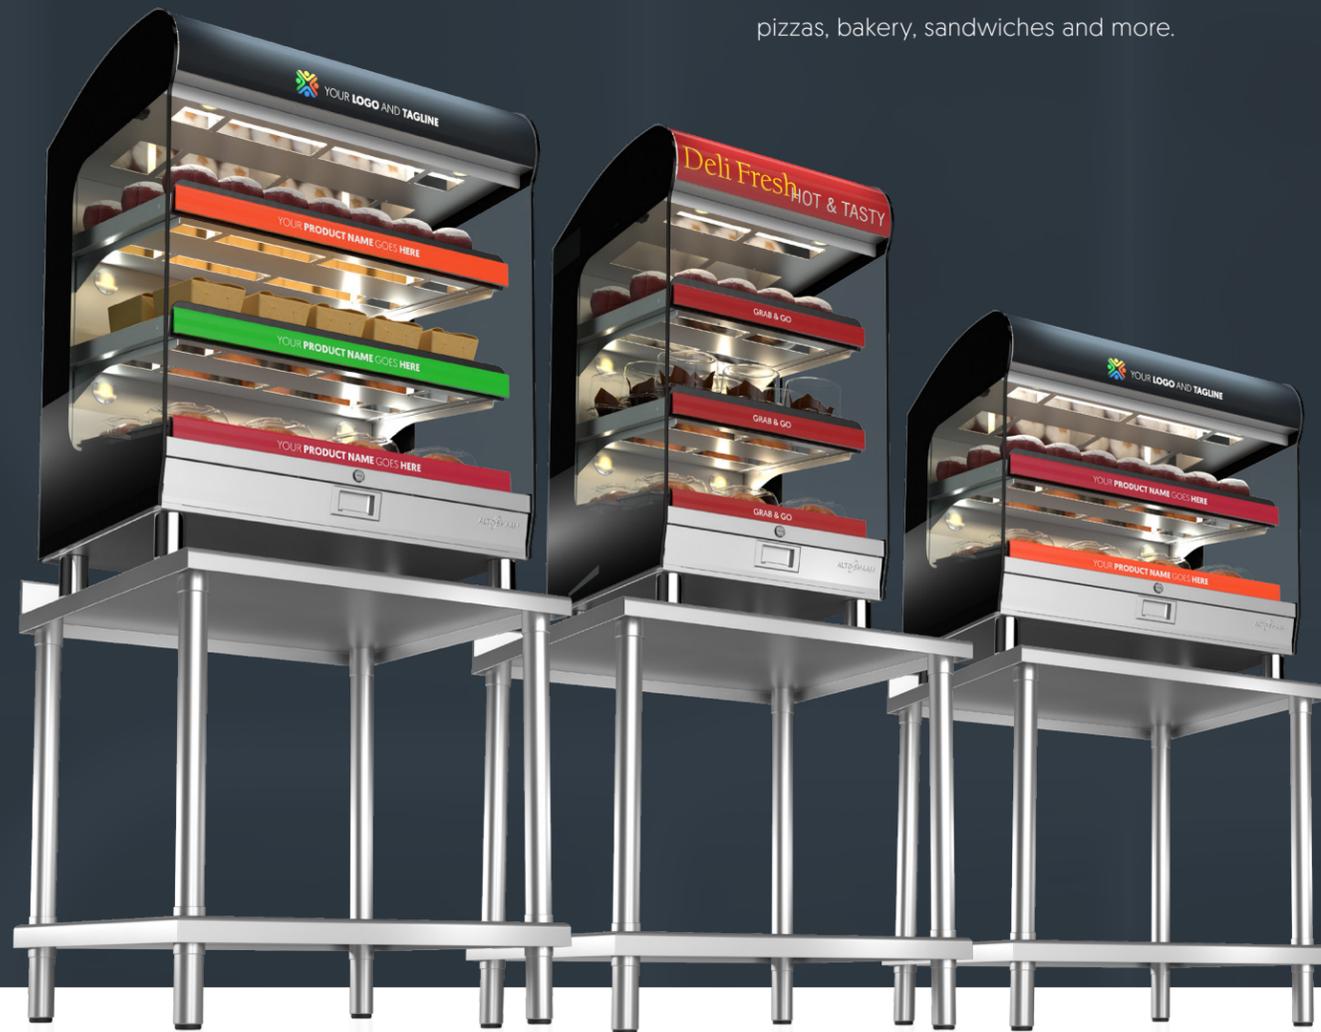

Emily Peterson | Deli Manager
Fox Bros. Piggly Wiggly

Boost impulse sales.

As the foodservice industry continues to evolve, more and more consumers are looking for hot and fresh ready-to-eat meals. Drive profits and streamline food service by showcasing grab-and-go, prepared food options in an Alto-Shaam heated shelf merchandiser or display case.

Featuring exclusive Halo Heat® fanless technology for precise, even heating, merchandisers and display cases are designed to maintain the highest food quality all while extending holding times. Merchandisers and display cases are available in a variety of sizes and configurations to fit the needs of any foodservice operation.

Install separately or as part of a full system to cook, hold, and merchandise rotisserie chickens, pizzas, bakery, sandwiches and more.

Quality on display.

Convenient, high-quality food paired with an attractive display increases sales and keeps customers coming back for more. Durable, easy-to-install equipment keeps prepared food programs running efficiently. Discover exclusive features that set Alto-Shaam merchandisers and display cases apart—and foodservice operations up for long-term success.

Reduced Food Waste.

Exclusive Halo Heat® technology holds food at optimal, precise temperatures for minimal food waste. Drive foodservice profits and convert more food into sales with high-quality holding.

Longer Hold Times.

Halo Heat technology keeps food fresh, warm and full of flavor for longer periods of time without compromising food quality. No fans, forced air or harsh, inconsistent heating elements. No overcooking or drying out. No hot or cold spots. Only gentle, consistent heat.

Visual Displays.

Boost impulse sales with eye-catching displays. Draw customers in with customizable branding, LED-lighting, interchangeable graphics, window sides, mirrors and more.

Precise Temperatures.

Adjustable, independent temperature controls keep food at the optimal serving temperatures and quality regardless of the type of food or packaging.

Streamlined Service.

Effortlessly introduce a grab-and-go program or streamline existing programs with merchandisers and display cases. Safely merchandise and serve prepared food anywhere with a variety of casters, display bases and equipment configurations.

Low Operating Costs.

Energy-efficient Halo Heat technology provides gentle, low temperature heating—using significantly less electricity than traditional merchandising and display equipment.
