

Decorative Lamps & Display Lights

CUSTOMIZED SOLUTIONS

- Hatco Decorative Lamps & Display Lights provide effective lighting in a stylish design to always keep the focus on the food products, while giving unlimited flexibility for each operator's unique foodservice needs
- Ideal for cafeterias, clubs & bars, concessions, and restaurants & cafés
- Many models available in all *Designer* colors, Gloss finishes and Plated finishes

DECORATIVE STYLE

- DL models provide the two-fold benefits of brief foodwarming and attractive presentation
- Transform foodservice operations into contemporary spaces with a variety of configurations:
 - ◇ Fourteen (14) lampshade styles
 - ◇ Eight (8) mounting arrangements
 - ◇ Four (4) power switch options
 - ◇ Low, standard and high watt bulbs
 - ◇ Luminaire lighting only
 - ◇ Twenty (20) color options

CURVE APPEAL

- HL5 models feature a patented curved housing design and offer the highest light output ideal for illuminating food products
- Use either a warm white light or a neutral (cool) white light for improved light coverage in serving areas
- Energy efficient dual LED lights provide longer performance and energy savings compared to incandescent lights

SPACE-SAVING FOOTPRINT

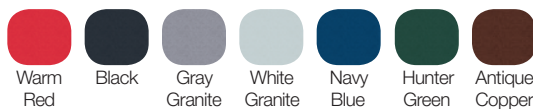

- NLX models provide effective and stylish lighting for non-critical holding and display areas in small or tight spaces
- Xenon light bulbs provide bright display lighting that places focus on the food products below

GREEN ENERGY

- CLED bulbs feature a heat-strengthened glass lens that protects the Light Emitting Diode (LED), while the rugged aluminum exterior prevents breakage
- Use 91% less energy (3.5W vs 40W), resulting in substantial benefits and energy savings over other bulbs
- Unique design allows for operation in high temperature areas and over steam tables
- Illuminate instantly and can be rotated to showcase food products below
- Models available to project a warm light or a cool light
