What Steelite Brings to the Table
A Passion to Inspire

Steelite International is the world leading manufacturer and supplier of tabletop products, servicing over 140 countries with innovative solutions in china, metal and glass. We are committed to offering the best in technology and design, while minimizing our effect on the environment. Our stability and reputation in the industry has provided us with both a diverse client list and a comprehensive channel of operations. Customer satisfaction is our priority, which requires dedication, commitment and a passion to achieve a level of excellence far exceeding expectation.

Recycling 99% Waste

John D. Miles
PRESIDENT & CEO,
STEELITE INTERNATIONAL

- John Miles joined Steelite International in November 1996.

- In 2005, John Miles advanced to the position of President of the Americas division of Steelite International.

- Through John's vision and love of the industry, he has propelled Steelite to become the leading supplier of tabletop products in the US, Canada, Caribbean, Central & South America.

John's recipe for success is fairly simple:

- Provide solutions in cutting edge tabletop products

- Support the local chefs' community

- Develop personal relationships

- Create partnerships with like-minded organizations that share his passion for making a difference in the world.

The Steelite International Lifetime Edge-Chip Warranty is your assurance that all Performance and Distinction products manufactured in our UK factory are fit for purpose. This commitment to quality excellence ultimately results in product that you will replace less often – great for your kitchen, great for your long term costs and great for the environment.

Secure Handle Adhesion
Every time you serve a customer with a Performance or Distinction cup or mug, relax in the confidence that the handle has gone through 7 different quality checks to ensure it stays where it belongs – on the cup!

Stackability
Stackable shapes result in space-saving solutions! A fully glazed base minimizes contact, preventing damage and wear.

Microwave & Freezer Safe
Our products offer complete versatility. However you work, be confident our products work with you.

Thermal Shock Resistance
Performance and Distinction products withstand temperature fluctuations of up to 350°F. Work with our products and work with confidence.

Heat & Chill Retention
Piping hot main course or ice-chilled desserts, serve your food as it is meant to be served.

Stain Resistance
All products have great stain resistance, which means you can work comfortably with any food time and time again... without leaving a trace.

Glaze Damage Resistance
Exclusive new low-temperature glaze is great for your presentation and great for the environment.

Dishwasher Safe
Our products withstand the dishwasher better than most by enduring the rigors of the food service industry wash after wash.

Environmental & Sustainability

Steelite International is continually monitoring, developing and improving procedures to create minimum impact on the community and environment.

We are a member of The Green Organisation that rewards and promotes environmental best practice around the world. We have a dedicated and innovative approach to caring for the environment.

In 2019 Steelite were awarded an engineering gold Green Apple Award for the implementation of a waste water centrifuge system. A part from significantly reducing water, it saves glaze and lowers energy usage on site too. Steelite is also the only tableware manufacturer to use a Lamella system for recycling clay waste. As a result fewer chemicals are now required to separate waste. This has a positive effect on the environment and water discharged from the site is also purer.

2010 GREEN APPLE ENVIRONMENT AWARD WINNER

Recycling 99% of waste

The Lamella has significantly reduced Steelite International's impact on the environment. The company now recycles 99% of manufacturing waste. In 2010 Steelite received a Green Apple Award for the Lamella project.
