MEDIUM-DUTY GAS CHARBROILERS

CBGMD-24

DESCRIPTION

Vollrath® Medium-Duty Gas Charbroilers are sturdy. Versatile grill plates feature narrower surfaces on one side with integral channels designed to dispense excess fat while reducing smoke and flames. The flip side features flatter, wider grill surfaces ideal for fish and other delicate foods. Adaptor bars enable grill plates to be positioned away from heat for slower cooking and minimal flareups.

CLEARANCE AND ENVIRONMENT

- Charbroilers must be installed adjacent to non-combustible surfaces only, with minimum spacing of 6" at the back.
- Adequate clearance must be maintained for proper ventilation and servicing; 4" legs must be installed for airflow.
