

Pre-Rinse Units

All Pre-Rinse units come pre-assembled to cut down installation time

Stainless Steel Hose

High performance radial wrap tubing pressure tested to 400 PSI.

Corrugated Exterior Hose

Reinforced Inner Tube

E-Z Install Swivel Fitting

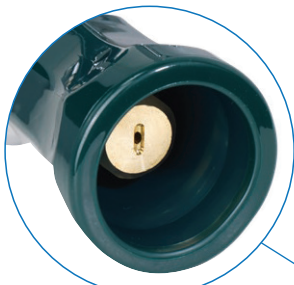

Allows for quick installation of pre-rinse without requiring plumber to fully rotate hose while assembling.

Knife Style Spray Valve

High performance valve cleans dishes more efficiently than the traditional shower style pattern sold by most competitors. 1.15 GPM with heat resistant bumper.

Knife Style Spray Pattern

Wall Bracket

Secures pre-rinse to wall and is included with all models. Can be cut to desired length.

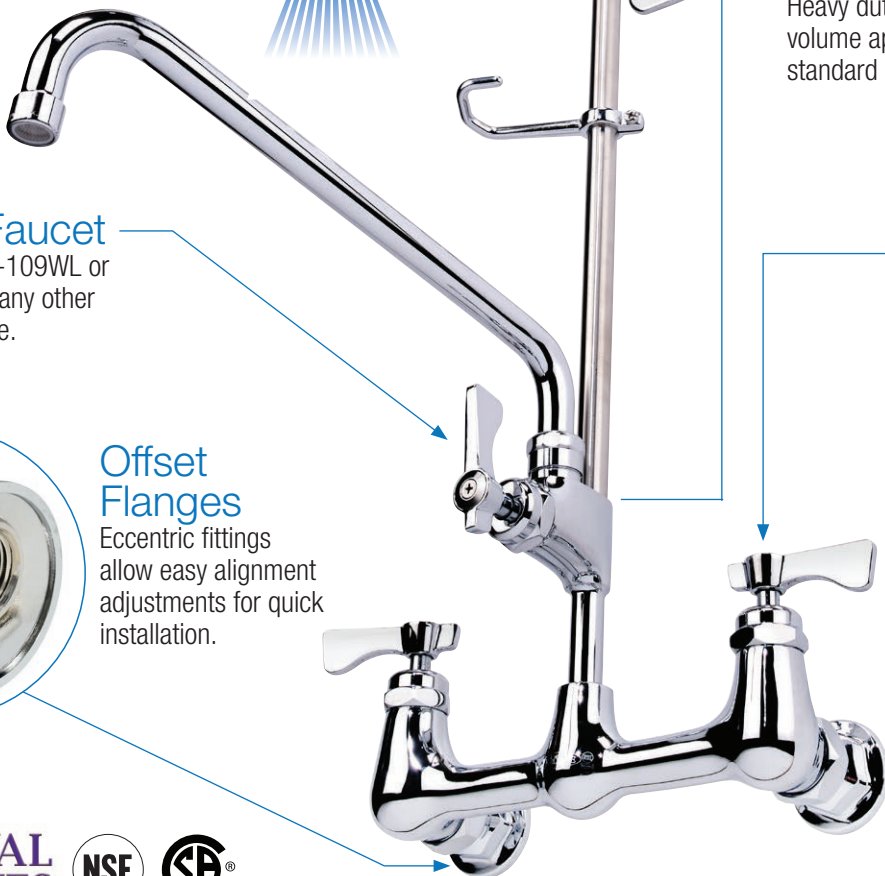

Stainless Steel Riser

Heavy duty design built to handle high volume application unlike industry standard brass risers.

Optional Add-On Faucet

Included with 17-109WL or can be added to any other Krowne Pre-Rinse.

Offset Flanges

Eccentric fittings allow easy alignment adjustments for quick installation.

1/4 Turn Ceramic Cartridge Valves w/ Integral Check

High performance 1/4 turn ceramic cartridge valves that are designed to last longer than traditional rubber compression

Mounting Kit Included

For ease of installation
