

When you stake your reputation on food safety, there's nothing more important. Light Weight Aspire prepackaged sets from World® Tableware are a sanitary, sustainable flatware solution ideal for carryout, dine-in and healthcare environments. Each set comes pre-packaged and ready to use, ensuring guests have clean cutlery every time. Crafted from durable stainless steel with a sophisticated hammered texture, Light Weight Aspire flatware can either be washed and reused or recycled, making it an eco-friendly alternative to single-use plastics.

## FEATURES AND BENEFITS:

- Each prepackaged set includes flatware and napkin
- Flatware is reusable and recyclable; napkin and sleeve are recyclable
- 18/0 stainless steel flatware is dishwasher safe
- Sleeve is perforated for ease of opening
- Each set is stamped with envelope contents
