

# Fountain Jar Pumps

## Stainless Steel Pumps

- Take the guesswork out of serving with portion-control pumps for countertop, drop-in or slanted fountainette applications
- Precise portions control food costs and ensure flavor consistency; portions adjust in 1/8-oz increments
- Drop-in (DI) models have a higher discharge point for additional serving clearance
- Thick Pump (TP) models reduce dispensing force needed when working with especially thick or thicker products; model 80879 with lever assist dispenses thick caramel and fudge with ease
- Coordinate pump knob with store theme or contents within; specify color and text when ordering (see [p 9](#) for details)

	dispenses	model/item	application	pump & lid fit (jar not incl.)	full portion	4 1/2" W x 7 1/4" D x H above jar	dp	weight

		<a href="#">TPV-L 80879*</a>			1 oz	9 5/16"	2 15/16"	

\*Support bracket (100001) prevents tipping when used in SR-2, SR-3 or SR-4 bases.

## Leverage your toppings.

Take the pain out of serving thick caramel, fudge and marshmallow creme.

See component guide featured on [p 43](#)

Using 48-oz pouches? See [p 14](#) to dispense from your fountain jar.

## Slim Jar Stainless Steel Pumps

- Slim fountain jars allow you to easily add toppings to your station; (6) slim jars fit in the same space as (4) standard fountain jars
- Slim jar, portion-control pumps take the guesswork out of serving in countertop, drop-in or slanted fountainette applications; portions adjust in 1/8-oz increments
- Drop-in (DI) models have a higher discharge point for additional serving clearance
- Thick Pump (TP) models reduce dispensing force needed when working with especially thick or thicker products
- Pump knob can be colored and engraved (see [p 9](#) for details)
- NSF listed, clean-in-place certified or disassemble for cleaning

Integrate into existing stations with (3) slim jars for every (2) standard fountain jars. See component guide featured on [p 43](#)

- AMBIENT
- COLD
- HOT

## Fit for flavor.

Slim fountain jars allow you to inexpensively add flavors to your station. To retrofit your existing Server pump to fit slim jars, just replace the lid (noted above).
