

12-SIDED SERVING TRAYS

14 INCH NON-SLIP PANELLED TRAY, 18/8 STAINLESS STEEL, SILICONE INSERT, ROSE GOLD FINISH

Our popular Non-Slip Round Tray with a cool geometric shape. Add the insert to create a non-slip surface that keeps glasses and plates from sliding during service, or take it out and replace with a doily for an appetizer plate presentation. Trays are stackable for neat and organized storage. Constructed from 18/8 stainless steel and black silicone rubber. Available in a classic brushed stainless finish, as well as our Metallic Elements finishes.

FEATURES AND BENEFITS

- A versatile serving tool for bars and restaurants
- Removable non-slip rubber insert
- Stackable for easy storage
- 18/8 stainless steel construction
