

OWNER'S MANUAL

CAMDOLLIES® FOR DISH RACKS

CD2020

CD400

Congratulations on the purchase of your new Camdolly! This Owner's Manual provides you with a guide to maintaining your Camdolly. If you have any further questions, please do not hesitate to contact us, visit our Web site at www.cambro.com or call our Customer Service Department.

CAMBRO[®]
TRUSTED FOR GENERATIONS[™]

I. Maintenance and Cleaning

(A) Cleaning Instructions

- If necessary, all Camdollies® can be washed with warm, mild soapy water and a plastic or bristle brush. Never use a metal brush or abrasive cleaners.
- Steam cleaning is also acceptable
- Clean the drain faucet with a small plastic brush and mild detergent and rinse well. Air dry.

(B) Caster Maintenance

Caster maintenance should be performed each time your Camdolly has been washed or steam cleaned.

1. Grease swivel raceway of caster using a lubricant such as Lubriplate #930-AA, Keystone #84EPXLT multi-purpose grease or equivalent. Apply grease using a grease gun with a needle nose adapter or a tube-type applicator such as Sta-lube Moly-graph Assembly Lube. These can be obtained at most auto parts stores.
2. Use a light oil such as WD-40 on the hub. Check caster for damage and test caster spin and swivel rotation before returning to service.

II. Replacement Parts

Please visit www.cambro.com for a complete list of replacement parts. The model number of the Camdolly is required to determine the correct replacement part. The model number can be found on the bottom of the unit.
