

# Upright Reach-Ins

## TOP MOUNTED CONDENSING UNIT (ES SERIES)

Refrigerators / Freezers / Dual Temps

The Top Mounted Upright Reach-In series offers a number of refrigerator, freezer and dual temperature combinations in solid, glass, full door, half door and drawer variations.

**Blizzard R290**

EPA/DOE approved, all-in-one, slide-out cooling cartridge.

**Digital Control**

Easy settings with audio and visual overheat alarm.

**ECM Fan Motors**

Electronically commutated motors require less energy.

**All Stainless Steel**

High quality finish with 2.5" thick thermal insulation.

**Door Lock**

Pre-installed, tamper-resistant, heavy-duty tumbler.

**Vacuum Relief Valve**

Equalizes cabinet pressure for smooth door re-entry.

**Ridge-Lined Gasket**

Heavy-duty door gaskets snap out/in for easy cleaning.

**Energy Efficient LED**

Silicone coated or shielded. High lumen rating, low heat.

**Other Features**

Self-closing doors, 3" or 5" swivel casters.

EGSH6

## Cabinet Construction

- Heavy duty stainless steel interior / exterior with rounded corners for a hazard-free workspace.
- Open spaced interior with no walls between compartments (Ref). Insulated interior wall between refrigerator and freezer compartments (Dual Temp).
- Galvanized steel top, bottom and rear.
- 2.5" thick high density polyurethane insulation.
- Four 5" swivel casters with locks on front set. Leg stabilizers standard for models EGS2, EGS2H2 and EGS6.

## Refrigeration System

- Top mounted, self-contained and fully detachable Blizzard R290 condensing unit uses environmentally friendly, EPA-compliant R290 refrigerant with zero (0) Ozone Depletion Potential (ODP) and three (3) Global Warming Potential (GWP). Blizzard R290 is easily replaceable and requires no on-site brazing (does not apply to model EGS2H2).
- Electronically commutated (ECM) fan motors achieve rapid cooling with less energy consumption.
- Full-length air duct and airflow guard ensure optimal cold air circulation.
- Time-initiated and temperature-terminated auto defrost heater for freezers. Air defrost for refrigerators.
- Large capacity, corrosion-resistant condenser and evaporator coils.
- Self-maintaining, energy-efficient condensate drain pan requires no external drains or electric heaters.
- High performance, auto-reverse condenser fan motor supports compressor ventilation and condenser coil cleaning.
- Pressure relief devices allow rapid cabinet re-entry.
- Pre-wired and ready to plug, 115V/60Hz/1Ph, NEMA 5-15P.

## Lighting

- Shielded LED bar lighting with on/off switch provides bright, high color illumination at lower heat output.

## Doors

- Low emissivity double glass panes and matte finish aluminum frames for glass doors.
- Heavy duty stainless steel interior / exterior with 2.5" thick high density polyurethane insulation for solid doors.
- Frame heaters prevent exterior moisture build up.
- Self-closing with adjustable torsion system for a positive seal.
- Snap-in magnetic gaskets for ease of cleaning.
- Heavy duty, die-cast handles for glass doors. High strength, recessed handles for solid doors.
- Pre-installed locks keep your items safe from theft.

## Shelving

- Four epoxy coated, steel wire shelves per section.
- Height adjustable stainless steel clips.

## Temperature Control

- Multi-function digital controller with easy to read LED display.
- Factory preset temperature, 35°F for refrigerators and -4°F for freezers. Temp-set range from 33°F to 54°F for refrigerators and -10°F to 54°F for freezers.
- Audible overheat protection alarm for compressor and condenser coil.

## Options

- Additional shelving.
- 3" swivel casters with locks (does not apply to model EGS2H2).
- 3.5" – 6" height-adjustable and interchangeable legs.

↔ = Interior Dimensions   ← → = Exterior Dimensions

**ABS Legs**

Two additional front adjustable stainless steel clad ABS legs for models EGS2 and EGS2H provide extra stability when opening and closing door, and one additional leg for model EGS6 for weight support.

 Equipped with 9 ft long NEMA 5-15P plug.

Model	Ref/ Frz/ Dual	# of Doors	Capacity† (Cu. Ft.)	HP	BTU/HR †	Refrigerant	# of Shelves	Power (V-Hz-Ph)	Amps	Crated Weight (LBS)	Exterior Dimensions (Inches)
