BakeMax America BAS Series Oven Range

The BakeMax BAS Range Series are constructed with 430 corrosion resistant stainless steel, including interior burner box which provides extra durability and easy to clean. All supporting brackets inside burner box are made of 304 stainless steel which is resistant to oxidation and corrosion. The cast iron star pattern top burners have no gaskets to leak. Each burner provides up to 30,000 BTU's. Their ovens are fully enameled with porcelain interior and the oven door lifts off easily for cleaning and maintenance. Each unit is NG and is supplied with LP conversion kit.
