## Description

---

Sanitop® is made from a durable rubber compound designed to withstand harsh chemicals while creating a slip resistant surface. Available in general purpose (black) and heavy-duty Nitrile (red) rubber compounds for varying degrees of grease and oil protection. A large and small hole drainage system channels liquid and debris away from the work area. Molded in beveled edges on all four sides eliminates trip hazards. Sanitop® offers a simple, economical solution for wet environments in many industrial or food service application.
