Water filter cartridges must be changed every six (6) months in accordance with the IOM filter program, and that change must be reported to the Company to maintain the extended evaporator warranty.

The obligation of the Company under this warranty is limited to the repair or replacement of parts, components, or assemblies that in the opinion of the Company are defective. This warranty is further limited to the cost of parts, components, or assemblies and standard straight time labor charges at the servicing location.

The warranty shall not apply to any part or assembly which (I) has been subject to an alteration or accident; (II) was used in any way which, in the Company's opinion, adversely affects the machine's performance; (III) is from a machine on which the serial number has been altered or removed; (IV) uses any replacement part not authorized by the Company; or (V) harm was caused to the unit by improper use of cleaners/sanitizers or by use of RO water that does not have a neutral pH. This warranty does not apply to destruction or damage caused by unauthorized service, using other than Ice-O-Matic authorized replacements, risks of transportation, damage resulting from adverse environmental or water conditions, accidents, misuse, abuse, improper drainage, interruption in the electrical or water supply, charges related to the replacement of non-defective parts or components, damage by fire, flood, or acts of God.

The installation and service covered under this warranty must be performed by a Company authorized service representative or a refrigeration service agency as qualified by the Company and must be in compliance with the Company's specifications. The Company reserves the right to decline claims made for ice machines or bins no longer installed in their original location. The Limited Warranty does not cover normal maintenance, adjustments, cleaning/sanitizing, coverage of purchased ice due to equipment failures, overtime/weekend charges, or trip/mileage charges beyond standard allowances.
