

RENEW

You promote sustainable practices with your food – why not with your dinnerware? The ReNew collection blends environmental friendliness with unique aesthetics for a presentation you can feel good about. Made from 90% recycled materials and clay, this ceramic tableware features earthen colors and contrasting textures on the inside and outside of each piece that beautifully frame food.

Features & Benefits

- Ceramic dinnerware collection blends sustainability with aesthetics for a modern presentation
- Brown exterior, white or taupe interior
- Exterior of each piece is left unglazed for soft, matte look, while interior has smooth, glazed finish
- Made of sustainable Eco-Gres® material, which consists of 90% recycled ceramic
- Explore other complementary Playground dinnerware and accessories in unique materials – like wood, slate and marble – that excuse rigid formality from the table, invite creative mixing and matching, and help you redefine fine dining
